

SAN JUAN COLLEGE
Medical Laboratory Technology

**Medical Laboratory Technician
 Admission Application
 Spring 2011**

Students wishing to enter the Medical Laboratory Technician Program Major must complete the following Admission Application.

Name: _____ Date: _____

Address: _____

City _____ State _____ Zip _____

Email address: _____

Telephone: Home _____ Work _____ Cell _____

Preferred method for contact: _____

Emergency Contact Information

Name _____

Telephone: Home _____ Work _____ Cell _____

Relationship to you: _____

I am applying to the MLT Program: (please check)

- _____ For the first time
- _____ Re-entering after a leave of absence from an earlier admission date
- _____ Transferring from another MLT program (Give name of program and attach a copy of your transcript) _____
- _____ Other (Explain) _____

Have you ever been dismissed from a professional program or academically withdrawn from a professional program? *Yes* *No*

If yes, complete the following information: School Name and Location:

Dates of Attendance: _____ to _____

Type of Program: _____

Are you in good standing and eligible to return to the program? *Yes* *No*

If no, please explain. _____

Community Residency

Are you resident of San Juan County, New Mexico? *Yes* *No*

If your answer is no please continue.

Do you reside in one of the following counties in Colorado Montezuma, Archuleta, Dolores or San Juan? *Yes* *No*

If your answer is no please continue.

Are you enrolled as a member of the Navajo Nation? *Yes* *No*

Employment History

Employer _____
Address _____
Dates of Employment _____

Please fill out the Prerequisite and General Education Courses you have completed, in the table chart below.

Pre - Requisite Courses	Final Grade	Semester/Year Course Completed or in Progress	If not taken at SJC list the institution where taken	Course Equivalent (to be filled out by SJC staff)
MLTS 120 Introduction to Medical Laboratory				
MLTS 160 Theory of Phlebotomy				
BIOL 252* Human Anatomy & Physiology I				
BIOL 253* Human Anatomy & Physiology II				
BIOL 224* Microbiology				
MATH 115 Intermediate Algebra OR HIGHER				
ENGL 111 Freshman Composition				
ENGL 211 Advanced Composition				
COMM 111 Interpersonal Communication				
CHEM 110 or CHEM 111 and CHEM 112 Introductory Chemistry				
CHEM 210 Organic Chemistry Survey				
PSYC 120 Introduction to Psychology				

* The science courses of *Introductory Biology I, Anatomy and Physiology I, II, and Microbiology should not be older than 10 years to be accepted. If CHEM 110 was taken in high school, you must include a copy of your official high school transcripts for credit to be given. Eligibility of courses that are older than 10 years will be determined on a case by case basis by Medical Laboratory Technician Faculty.*

In Progress Courses:

If you currently have prerequisite courses in progress at another institution at the time of this application, please list contact information for your instructor for verification purposes.

The selection committee would like to know a little more about you. Please tell us a little about yourself and why you have chosen laboratory medicine for your career goal.

Directions: Limit the description to one page. Type using an 11 or larger font size. You may single or double space as needed. Staple your story to the back of your application.

I certify this application is true. Any false statements knowingly submitted will result in expulsion from the program. I understand that taking prerequisite courses in the MLT Program does not guarantee acceptance into the major. All applicants will be required to complete a federal background check prior to acceptance into their clinical component at their expense. The background checks must be current. In addition all students must complete the required inoculations and health clearances required for the clinical affiliates at their expense. This may include a drug screen.

**Individuals who have been convicted of a felony
may have limited employment opportunities.**

I understand that admission to the MLT program is competitive and applicants are ranked. The following criteria will be used in the selection process.

55%	GPA in prerequisite courses
20%	Paragraph
15 %	Reference Recommendations
10%	HOBET V SCORE

In keeping with the Community Mission of San Juan College, those applicants that meet Residency and/or Special Residency Status will be given 5% preference in the application process. Applicants who have all prerequisite courses including Chemistry 210 or equivalent will also be given a 5% preference.

Due date 3rd Friday of October by 17:00

The Medical Laboratory Program is affiliated with the following clinical sites. You will be assigned to one of them to do your clinical practicum rotation. Please rank them in the order by placing a 1 by the site you would most like to complete your practicum, 2 for your second choice and so on. If you have no preference, rank them all as 1. Each of the clinical affiliates will be ranking student choices and matches will be made on mutual preference. You are not guaranteed of being placed at your highest ranking sites. If for some unforeseen circumstances arise that there are more students than available sites, the students with highest GPA will be placed first.

_____ San Juan Regional Medical Center is a modern, acute-care hospital located in one of the most rural areas of the American southwest, the Four Corners. As a sole community provider of hospital services in San Juan County, New Mexico, the hospital delivers range of healthcare services not only to the people of the entire Four Corners Region. The hospital itself has a 260 bed capacity. San Juan Regional Medical Center is designated a Level III trauma center and provides air ambulance service with a helicopter and a fixed wing aircraft. The laboratory is located on the second floor of the hospital. The total gross square footage is 11,000. This hospital laboratory has the second busiest blood bank in the state.

_____ Mercy Regional Medical Center is southwest Colorado's largest and most technologically advanced hospital. Mercy Regional Medical Center is an 82-bed acute care hospital designated a level III. More than 120 physicians and nearly 40 mid-level medical providers on staff represent more than 35 medical specialties. The new Mercy Regional Medical Center opened in Durango in June, 2006. It includes state-of-the-art medical technology in an environment designed to promote a sense wellness and healing. The hospital laboratory is new and has about 10,000 square feet and also has a very busy immunohematology section.

_____ The Northern Navajo Medical Center in Shiprock, New Mexico is the largest unit serving The Navajo Nation. The facility has 55 beds. Approximately 45,500 Native Americans are enrolled in the Service Unit. The daily inpatient load is 40, and the daily outpatient volume averages 400 a day. Annual ED cases average 15,000-16,000. Field clinics are open various times per week.

_____ Southwest Memorial Hospital is in Cortez, Colorado. This 61-bed acute care facility, is a progressive hospital driven by Continuous Quality Improvement. The laboratory occupies just under 5000 square feet and offers a wide variety of laboratory testing.

_____ TriCore Reference Laboratories are in Albuquerque, New Mexico. This reference lab services numerous hospitals and clinics in the New Mexico Area. (Currently Espanola and Clovis)

_____ Other Site suggested by student see director to see if practicum can be arranged.
All sites subject to change at time of assignment.
