

San Juan County GIS User Group  
October 11<sup>th</sup>  
11:30 – 1:00 P.M.  
Hosted by ConocoPhillips  
Atrium Room  
3401 East 30<sup>th</sup> Street  
Farmington, NM 87401

David Greenwood of ConocoPhillips and his department provided lunch from SpareRib BBQ and hosted the user group meeting.

#### GIS Day

GIS Day will be Wednesday, November 14<sup>th</sup> at San Juan College from 9:00 to 1:00 P.M. 3 to 4 of the 9000 rooms plus in front of the Henderson Fine Arts building will be available for activities. The actual rooms that will be available will depend on the status of the construction that is going on in the area.

Keary Howley sent out the GIS Day Brochures to the teachers that attended his workshop last summer. He has received limited response back but expects more closer to GIS Day.

GIS Day is targeting grades 5<sup>th</sup> through 12<sup>th</sup>. The schools will be scheduled to stagger in throughout the day starting at 9 and ending at 11. The idea is to limit a large number of students arriving at the same time. Each session will be for 20-30 minutes.

#### Tentative Ideas for GIS Day

Farmington Museum (Donna Thatcher and Dave Meyers): Star Dome and Navigation  
BLM: 2 groups of Geocache and possibility the Ranger  
San Juan County: Pictometry and 3D Analyst  
ConocoPhillips: GIS and Geology  
City of Farmington: KML and using Google Earth  
San Juan College: Demonstration on ArcMap and Career Path  
San Juan Water Commission: Activity/booth  
SDR: Will do something

Keary will contact Vernon Willie (SJC) and Matt Owens (BHPBilliton) to see if they are interested in presenting during GIS Day.

#### Other Business

Kevin Hodson of ESRI will be giving a half-day user group meeting focusing on ArcGIS Server. The meeting will be hosted Thursday, November 8th from 9:00 – 12:00 P.M. at San Juan County Administration Building, 100 S. Oliver Drive, Aztec, NM 87410.

Tami DeLeon found the GPS and GIS data for the Berg Park project. Bobby Kimball will collect any information that is missing and present it early in 2008.

Samantha Herrera gave a brief overview of the GIS at ConocoPhillips.

They have 600+ GIS users globally

They have a 5 person EGIS group that offers ESRI trainings and other GIS Support

She also talked about how they acquired some of their data and how they work with outside companies in using GIS.

Next meeting:

Thursday, November 8, 2007 from 12-1 PM at San Juan County following Kevin Hodson's (ESRI) presentation. More details to follow or check the website:
