

AUTOMOTIVE TECHNOLOGY
SPECIALTY CERTIFICATE PROGRAMS
Catalog 2008-2009

The Automotive Technology Program provides the student with the necessary skills and knowledge to enter the field of automotive service and repair. The program is flexible to allow students to enter at the beginning of any semester and plan a schedule around his/her needs. Students receive satisfactory achievement ratings by successfully performing actual on-the-job tasks.

Note: This program requires that the student purchase his/her own tools. To obtain a list of the required tools, contact the program instructor. A student must earn a grade of a "C" or higher in all courses for the courses to receive a degree or certificate.

				Credit Hours	Grade
