

AVIATION TECHNOLOGY  
 PROFESSIONAL AIRLINE CAREER ENHANCEMENT (PACE)  
 Certificate Program  
 Catalog 2008-2009

The PACE program is designed for pilots who have a minimum of 200 hours in flight time, and either:

Option A - Instrument, Commercial, Multi-Engine Land **OR**

Option B - Instrument, Commercial, Single-Engine Land (Multi-Engine Land available through this program).

The program is a cooperative training effort between San Juan College and Mesa Air Group. Students must maintain a cumulative grade point average of 3.0 for all aviation (AVIA) courses to be guaranteed an interview with the company. Students who receive more than one "C" in their aviation courses will be dismissed from the program and cannot continue to attend aviation classes at San Juan College.

**This program is available through pre-selection only.**
