Catalog 2009-2010

The primary objective of the Associate of Applied Science Accounting program is to provide the opportunity for students to develop high levels of technical and occupational preparation in the discipline of accounting. The two-year program requires course work in financial accounting, managerial accounting, income tax, intermediate accounting, cost accounting, payroll and computerized accounting. Upon graduation, the student will have the educational background for employment at the paraprofessional level. Note: A student must earn a "C" or higher in all courses designated with an asterisk (*) to count toward the degree. If Accuplacer scores indicate a need for mathematics or reading or development courses, those courses, those should be completed before the student enrolls in ACCT 201 Fundamentals of Accounting I.
