

**BUILDING TRADES**  
 Finish Carpentry Certificate Program  
 Catalog 2010-2011

Students will prepare for work in finish carpentry. Besides learning to read and understand blueprints and instructions from architects and builders, students practice estimating costs and time requirements needed to finish various projects.

**Note:** This program requires that the student purchase his/her own tools. To obtain a list of required tools, contact the program instructor at 566-3336.

**Note:** Students must earn a grade of "C" or higher in all courses in order to receive a certificate.
