SECTION: Campus Activities and Security

POLICY TOPIC: Campus Safety and Security

---

I. Safety and Security Force

As part of the accountability to its constituents, the Board and administration support an appropriate security force adequate for the safety of students, staff and security of the College properties.

II. Campus Keys

The Physical Plant Director at the College shall maintain the sole depository of College keys. This responsibility shall include issuing, purchasing, maintaining, cataloging, and collecting building and room keys according to procedures that will secure the campus.

III. Emergency Management Plan

The Board requires the College to have a current Emergency Management Plan. The Vice President for Student Services is responsible to the President for all campus emergency planning, preparation, training and response.
