

AVIATION TECHNOLOGY

Associate of Applied Science Degree

Graduates of the Aviation Technology program earn a private pilot license, instrument, commercial, and multi-engine certificates. The program is a cooperative training effort between San Juan College and Mesa Air Group.

Graduates who have maintained a cumulative grade point average of 3.0, in all aviation (AVIA) courses are guaranteed an interview with the company. Students will be dismissed from the program if they have:

- 1) More than one "C" in a flight course (AVIA 145, 170, 190, 230, 267);
- 2) More than two "C's" in aviation (AVIA) courses

Students who are dismissed from the program will not be allowed to attend aviation classes at San Juan College. Students can continue in their general education classes if they wish to do so. This program is available through pre-selection only.

Note: Students must earn a grade of "C" or higher in all courses in order to receive a degree.
