www.sanjuancollege.edu/energy

Located primarily at 800 S. Hutton in south Farmington, the School of Energy supports economic development through training and educational programs responsive to the needs of the energy industry and related businesses. The school offers classes in Petroleum Technology, Natural Gas Compression, Industrial Process Operations, Renewable Energy, Commercial Drivers License (CDL) and Safety. Courses are designed to include hands-on workshops and seminars to help individuals gain entry-level, professional and/or advancement training starting with basic petroleum technology, safety, drilling, production practices, work-over, well control, process technology, pump jack technology, Commercial Drivers License A and

B, hazardous materials/hazardous operators/hazard communications, natural gas compression and renewable technologies. Training encompasses entry, supervisory and management levels and is also offered through the Center for Workforce Training.

School of Health Sciences

(505) 566-3490

www.sanjuancollege.edu/health

The School of Health Sciences consists of a variety of programs that support the health professions and wellness. Current degree programs are: Associate of Applied Science in Dental Hygiene; Health Information Technology (HIT), Surgical Technology, Respiratory Therapy, Medical Laboratory Technology; Associate Degree in Nursing (ADN); Physical Therapist Assistant (PTA); Associate of Arts in Outdoor Leadership, and Recreation and Physical Education. Both the PTA and HIT program are also available online. Certificate programs include Medical Insurance Coder/Biller and Surgical Technology. The School also offers courses in physical fitness, wellness, nutrition, and health. Many of the degree and certificate programs offered by the School of Health Sciences prepare graduates to sit for state or national certification or licensure exams. The School offers courses in Nurse Aide Certification (CNA) and Phlebotomy which also prepare students to sit for a certification exam upon successful completion of the required coursework.

School of Humanities

(505) 566-3276

www.sanjuancollege.edu/humanities

The School of Humanities offers general education courses in humanities, social sciences, and fine arts; courses in developmental English and reading; Associate of Arts degrees in liberal arts with concentrations in many of the disciplines; and certificate, Associate of Applied Science; and Associate of Arts programs in Early Childhood Education, Elementary, Secondary, and Special Education, and Human Services. The School of Humanities is comprised of four departments: Social Sciences and History, which includes psychology, sociology, political science, human services, history, and philosophy; Language and Education, which includes modern languages, reading, speech, and early childhood education, Elementary, Secondary, and Special Education; Fine Arts, which includes visual arts, photography, music, and theatre; and English, which includes composition, technical writing, and literature courses. Through the Office of Public Events, the SJC Art Gallery and KSJE Radio the school extends learning opportunities and access to the arts to all students and community members. The school also oversees the Child and Family Development Center.
