

NATIVE STUDIES**NATV-110 Introduction to Native Studies 3 cr.**

Introduction to Native Studies will examine the issues, conditions, and contexts affecting Native people in the US and throughout the Americas. Students will be exposed to an overview of the interdisciplinary field of Native Studies through examining the beliefs and world views of indigenous cultures, historical and cultural contexts, economic and sociopolitical developments, and Native communities today. Prerequisites: Completion of ENGL-095 and RDNG-095 or appropriate English and Reading Accuplacer scores. Offered: Fall.

NATV-240 Management & Leadership in Tribal Gov't 3 cr.

A study of the theories and styles of leadership, compared to the cultural theories and cultural styles of leadership of tribal leaders. Offered: Spring.

NAVAJO/NAVAJO STUDIES**NAVA-111 Elementary Navajo I 4 cr.**

Develops listening, speaking, reading, and writing skills to communicate at a basic level. Uses a communicative approach to cover vocabulary, grammar, conversation, and culture. Offered: All.

NAVA-112 Elementary Navajo II 4 cr.

Continuation of NAVA-111. Prerequisites: NAVA-111. Offered: Fall & Spring.

NAVA-115 Reading & Writing Navajo 3 cr.

For students fluent in Navajo but lacking skills in reading and writing. Offered: On Demand.

NAVA-261 Navajo Oral Trad & Styles 3 cr.

Examines philosophical thoughts discussed by Navajo elders by listening to and analyzing various oral styles including storytelling, oratory, prayers, and lectures. English and Navajo instruction. Offered in collaboration with Dine College (NIS 261). Offered: On Demand.

NNST-285 Capstone Project in NNST 1 cr. TO 4 cr.

Ties together the broad themes and issues addressed in the Native/Navajo Studies concentration. Students will either produce a substantial research paper or conduct an applied research/service learning project in collaboration with a native community. Research must be supervised by Native/Navajo Studies faculty. Required of all students who graduate with this concentration. Prerequisite: 12 credits under the Native/Navajo Studies concentration. Offered: On Demand.

NURSING**NURS-113 Adv. Placement Credit NURS 125 7 cr. TO 9 cr.**

Allows the licensed practical nurse (LPN) or transfer nursing student to receive transfer credit hours for courses taken either in a practical nursing or associate degree/baccalaureate degree nursing program. Credit hours awarded will be determined by the nursing department administration based upon scores achieved in the Assessment Technologies Institute (ATI) RN content Mastery Series: Fundamentals of Nursing Practice. Requires admission into program. Offered: On Demand.

NURS-125 Nursing Concepts & Practice 1 8 cr.

This is an introductory course to pre-licensure nursing, using the Quality and Safety Education for Nursing (QSEN) competencies which provide the organizing framework for the nursing program. These competencies are: Patient Centered Care, Teamwork & Collaboration, Evidence Based Practice, Quality Improvement, Safety and Informatics. Clinical opportunities facilitate application of fundamental concepts through care of diverse populations in a variety of settings across the health care continuum. This course requires a total of 135 contact hours of lab, simulation, & clinical practice. 8(5+9P) Requires admission into program. Prerequisites: BIOL-252 & BIOL-224. Offered: Fall.

NURS-132 Advanced Placement Credit for NURS 145 5 cr. TO 7 cr.

Allows the licensed practical nurse (LPN) or transfer nursing student to receive transfer credit hours for courses taken either in a practical nursing or associate degree/baccalaureate degree nursing program. Credit hours awarded will be determined by the nursing department administration based upon transcript evaluation. Requires admission into program. Offered: On Demand.

NURS-135 Nursing Externship 4 cr.

Optional clinical course in which students are assigned to a clinical unit at SJRMC for three eight-hour days or two 12-hour days per week. Students are partnered with one to three SJRMC nurses who have been especially chosen to assist students in their learning experience. Focus is to develop student competency by providing supervised patient care opportunities. Requires admission into program. Prerequisites: NURS-145. Offered: Summer.

NURS-145 Nursing Concepts & Practice 2 9 cr.

Using the QSEN competencies, this course builds upon the fundamental concepts introduced in NURS-125 with the focus on chronic health issues across the lifespan. Clinical opportunities are designed to facilitate application of nursing concepts focusing on lifespan chronic health issues through care of diverse populations in a variety of settings. This course requires a total of 135 contact hours of lab, simulation, and clinical practice. 9(6+9P) Requires admission into program. Prerequisites: NURS-125, BIOL 253, PSYC 120. Corequisites: NURS-150. Offered: Spring.

NURS-150 Nursing Pharmacological Concepts 3 cr.

This course integrates pharmacology as therapy using the QSEN competencies to build upon foundational pharmacological concepts introduced in the first semester. Requires admission into program. Prerequisites: NURS-125, BIOL 253, PSYC 120. Corequisites: NURS-145. Offered: Spring.

NURS-205 Transition for Adv Placement 1 cr. TO 6 cr.

This course is required for all LPN's/LVN's and appropriate transfer students. Content includes philosophy, theoretical constructs, outcomes of the nursing program and LPN to RN role transition. Previous learning is evaluated. Requires admission into program. Offered: On Demand.

NURS-210 Nursing Concepts & Practice 3 9 cr.

Using QSEN competencies, this course builds upon the nursing concepts introduced in NURS 145 with focus on acute health issues across the lifespan. Clinical opportunities are designed to
