

Application for the Four Corners Noyce Scholars

FCNS Scholarships for STEM majors who pursue teacher certification in conjunction with their STEM major

FCNS is intentionally designed for the formation of teachers suited to the Four Corners region. In particular, the program seeks Noyce Scholars who will serve our rural and diverse communities. Program activities and academic preparation will equip teachers to bring equity and understanding to the classroom, while acknowledging how factors from outside the classroom may still impact student learning.

Scholarship recipients are expected to teach two years in a high-need school. Failure to do so will result in needing to pay back the scholarship.

Application for Award Period for 2018 - 2019

Application Deadline is 5pm, August 15, 2018

Application Materials:

- Completed Application
- Cover Letter describing experience and/or interest in STEM teaching
- Resume
- Two year course plan for STEM degree completion that may or may not include student teaching
- Unofficial Transcript (printed or pdf)
- One Letter of Recommendation

Submit application materials electronically to Dr. Alicia Taber O'brien: obriena@sanjuancollege.edu

Letter of Recommendation:

One Letter of Recommendation from a STEM instructor or faculty member is required. Faculty should address the student's potential as a STEM major and email the letter of recommendation directly to Dr. Alicia Taber O'brien: obriena@sanjuancollege.edu
