

San Juan College
Housing Handbook
2022-2023

WELCOME

Welcome to Housing and Residence Life, your new community and home. This year will be exciting as you will be able to grow as a person through developing new friendships, exploring new ideas and being involved in new activities.

You may find that living on campus may be a bit unusual, but after a few short weeks you will have connected with friends and found your groove. Our staff will be there along the way to help you get connected, handle issues that may arise and work to provide a safe, fun, and inclusive environment for all our residents. We hope that you find living on campus and interacting with the staff is a positive and rewarding experience for you.

Please take the time to read and review this handbook which contains practical information and important guidelines that will help you understand what it means to be a member of your community and what you can expect. By choosing to live on campus, you will be residing with many others. While we value having a positive sense of community, we must emphasize that living in this community comes with the responsibilities that allow everyone in the community to be safer. Please consider this responsibility carefully and let it guide your daily behavior.

We hope that you find living on campus and interacting with the staff is a positive and rewarding experience for you. Welcome home!

RESIDENCE LIFE STAFF

Resident Assistant (RA)

Your RA will help you have a great experience living on campus. They are students, just like you, and have made an investment in the residence hall community. They will engage with you as they create a community that is safe, fun and inclusive. They are a resource for you as you navigate your time at San Juan College. They have been carefully selected and trained to help plan activities, help with communications and conflicts, ensure policies are being followed and handle emergency situations.

The RA staff should be your first point of contact. There is an RA On-Call 5 PM to 8 AM on weekdays and 24 hours on weekends and holidays.

Coordinator of Housing and Residence Life

Your residence hall is managed by a coordinator who lives in the residence hall. The coordinator is a professional staff member that serves as the second point of contact for residents. They are responsible for the daily operations of the residence hall. They are charged with developing a community, working with residents on issues and concerns, serving as conduct officers, responding to emergencies and supervising the RA staff.

PHYSICAL PLANT STAFF

Custodial Staff

The custodial staff are essential, professional staff members that attend to the cleaning and sanitary needs of public areas, including 24-hour coverage for emergencies. Residents are responsible for maintaining personal resident rooms and bathrooms.

Maintenance Staff

Maintenance staff members maintain public areas and keep the residence hall in good physical condition. Requests for maintenance should be submitted online, taken to the front desk or an RA. These requests can be submitted online at: <https://www.sanjuancollege.edu/physicalplant/>.

CAMPUS LIVING

Campus Breaks

The residence halls remain open during Thanksgiving break, winter break and spring break. They also remain open on long weekends throughout the academic year. However, the dining facility may not be available on days in which the college is closed for holidays.

During winter break, you will be asked to let Housing and Residence Life staff know if you are staying or leaving over break. This allows staff to prepare for keeping the facility secure and residents safe. If you are leaving for the break, but are returning for the spring, you will not need to check out of your room. You may leave your possessions in your room. However, it is recommended you take any items that may be needed over break. You should unplug all items except refrigerators, clean out your refrigerator, empty your trash, turn off any alarms and lights, and lock your windows and doors.

Housing and Residence Life staff will conduct health and safety inspections during winter break to ensure the building is safe and secure. Any violations found this time will be documented and referred to the conduct process.

Moving In

When you are assigned a room, you will be provided the day and time in which you can move into your new home. In order to prepare you for arrival, we have outlined the process below in which our staff will assist you in navigating.

Please note: You will need your SJC student ID prior to checking into your residence hall. If you have not yet received your ID, Department of Public Safety (DPS) will be able to assist you.

1. Go to the Sunrise Suites on the designated check-in day. The staff will be waiting for you.
2. Present your San Juan College ID to the staff.
3. All housing materials will be verified and your card will be activated for your room. Your SJC card will serve as your key to your room. A *Room Inspections Form* will be given to you to read, complete, and confirm.
4. Return your *Room Inspection Form* to the check in station or to your RA.

5. Upon receipt of the *Room Inspection Form*, you will be issued access to your mailbox.

Because the majority of your fellow residents will be moving in on the same day, there are few things you can do to help make the day go smoothly. First, you might want to bring a dolly with you. In addition:

- Stay hydrated.
- Drop off your belongings and then move your car as directed by staff.
- Do not leave your car parked in the driveway. It creates significant traffic congestions and blocks emergency vehicles access.

Moving Out

All San Juan College Housing and Residence Life License Agreements are for one academic year (August-May). At the end of the spring academic term, residents will be required to check out of the residence hall. The checkout procedure will be provided via email and informational signage in April. Residents are expected to move out within 24 hours after a resident's last final exam of the spring semester. Anyone that has not properly checked out by that time may be assessed an improper checkout fee. Residents that are graduating will checkout by noon the day after graduation.

If a resident is not completing the term of the San Juan College Housing and Residence Life License Agreement, the student must submit a request for agreement cancellation to the Coordinator of Housing and Residence Life. The request must be approved and the resident will be provided checkout procedures at that time. Please note that terminating the agreement prior to the end of the spring academic term will result in cancellation charges outlined in the agreement.

Students who fail to check out properly will forfeit their deposit and may be charged additional fees related to improper check out and/or key/lock change charges.

SERVICES AND AMENITIES

If you do not have your SJC ID, we will deactivate your SJC ID and issue a temporary card. You will be charged for the deactivation. The charge schedule for the term of the contract is as follows: **1st and 2nd lock-out** is free, **3rd lock-out** is \$20, **4th lock-out and all subsequent lock-outs** are \$40. Resident Meal Plans

The meal plans give you a set number of meals per week, paired with a varying number of Flex Dollars. These plans give you the flexibility to fit your schedule and budget. These meal plans have a limited number of meals per week (19, 15 or 10). Each time you swipe your ID card to
